

Legal Statement for Powerful Health and Wellness, LLC

Scope of Practice and Provider Rights

Powerful Health and Wellness, LLC is committed to delivering high-quality, patient-centered care within the scope of practice and training of our licensed medical professionals. All providers associated with this practice are bound by their respective licensure, professional training, and ethical obligations. As such, our providers will not engage in or provide treatments or services outside their established scope of practice or their individual expertise.

Providers reserve the right to refuse services that fall outside their scope of practice, training, or expertise. This also includes any services or treatments that they may be ethically opposed to providing, as determined by their professional judgment, and in consideration of potential harmful or damaging effects, adverse outcomes, or risks to patient health and well-being.

Our practice strictly adheres to the relevant legal and ethical standards set forth by state and federal regulations, including the laws of Alabama, and ensures that all medical decisions are made in the best interests of our patients. In cases where a provider determines that a treatment or procedure is outside their professional competence or may lead to harmful consequences, the provider will refer the patient to an appropriate healthcare professional who can provide the necessary care in accordance with the patient's needs.

By receiving care at this practice, patients acknowledge and agree that they will be informed of their provider's limitations regarding certain treatments and that all services provided will be within the boundaries of the provider's training, expertise, and ethical considerations.

This policy is in compliance with applicable laws governing medical practice in the State of Alabama, and our practice reserves the right to amend this statement as necessary to reflect changes in legal or ethical standards.
